25X1

[redacted] reported on the Directorate activity concerning the government-wide requirement for Inventory and Analyses of Reporting in Government.

The Agency will submit a minimum response but will accomplish a serious internal review, concentrating on Administrative/Management Reports.

The exercise is divided into two parts:

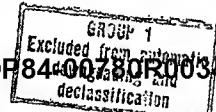

Phase I: The Inventory and setting of Reduction/Savings goals. The reporting deadline on this is 30 October 1970.

Phase II: Evaluation/Justification on each report - to include elimination, consolidation, reduction of copies, etc.

First report on this Phase is due 30 September 1971 and each year thereafter on accomplishments and continuing progress.

The DD/S has responsibility for all reports produced by the Directorate Offices. Other Directorates are responsible only for their internal reports.
